Pro Guard MOUTHGUARD

Pro Guard mouthguards offer an ergonomically contoured fit and highly effective protection for all athletes with braces. A shock absorbing bite tab helps to protect the brain from concussion by dissipating the shock of a blow to the lower jaw away from the brain.

Pro Guard is highly effective in protecting oral tissue from laceration by shielding the lips and cheeks from both upper and lower teeth. *Pro Guard* meets NCAA guidelines.

Bulk packs of 12. Specify with or without heavy duty helmet strap.
COLORS: Red, Blue, Green, Yellow, Black, Clear, Pink.

Microbrush Applicators

- Precise placement of solutions.
- Reduces use of excessive solutions.
- Bends easily into any angle.
- Non-linting and non-absorbent tips.
- Color coding avoids application mix-ups.

4 tubes of 100 applicators/ pack.

Strong-Lock One Piece Retainer Case

One piece retainer case will fit all of your patient's needs. Sleek design (1.5" deep x 3" wide) is large enough to hold most retainers but small enough to fit easily into a pocket or purse.

Solid Color or Sparkle Color Mix

25/ pack.

Scented Patient Relief Wax

Provides temporary relief from appliance irritation. Bright color boxes and pleasing scent wax.

Scents:

Cherry, grape, orange, coconut, pineapple, mint, blueberry, bubble gum, cotton candy, cinnamon.
(Unscented wax also available).

50 boxes/ pack.

Silicon Patient Relief Wax

Medical grade silicon provides effective, temporary relief from appliance irritation. Silicon wax lasts longer than regular wax and is easier to use. Silicon wax is also clear and waterproof.

50 boxes/ pack.

Concentrated Alginates Flavoring

Makes impression palatable by flavoring the alginate. Add a few drops of concentrate to the alginate when mixing.

Flavors:

peppermint, cherry, strawberry, orange, bubble gum, root beer, grape, fruit punch, pina colada, blueberry, lemon, raspberry

2 oz. Bottles.

Disposable Impression Trays

High quality molded plastic for strength and resistance to distortion. SIZES (specify Upper or Lower):

- 1 (smallest) Red
- 2 Orange
- 3 Blue
- 4 Green
- 5 Yellow
- 6 (largest) Purple

10 trays (upper or lower)/ pack.

Disposable Archwire Markers

Thick, dark red wax tips on sturdy wood dowels provide precise marking, high visibility and superior adhesion. Disposable markers provide protection against potential patient cross-contamination.

Optional "pop up" dispenser available.

100 markers/ pack.

Abrasion Strips

Finest quality strips manufactured. Extra strong bonded grit (autoclavable) can be used wet or dry. Select from 4mm, 6mm or 8mm width. All strips are 4 3/4" long, dual sided or single sided. Medium grit. Optional holding instrument.

12 strips/ pack.

MISCELLANEOUS

Sports Mouthguard

COLORS: Black, blue, clear, green, orange, purple, red, silver, white, yellow.

Mouthguard especially made for orthodontic patients offers basic protection for sports. Soft plastic protects gingiva. Can be easily trimmed with scissors for better fit. Available in small or adult sizes and plain or with helmet strap.

10/ pack.

High Heat Wire Cheek Retractor

Easy tension control and comfortable for patient. Can be autoclaved, dry heat or chemically sterilized. Heat sterilizable up to 375 degrees.

Adult or child sizes.

1/ pack.

- Each end of the retractor has a unique size that can be used with children and adults.
- The retractor ends are elongated for superior intra oral photos.
- No patient discomfort.
- Available cold sterilizable, autoclavable or heat sterilizable.

Barker Double Ended Photo Retractor

1 pair/ pack.

Two Piece Clear Photo Retractor

Photo retractor provides a buccal extension to hold the lips and cheeks away from the teeth, resulting in improved intra oral photography. Available in small or adult sizes. Autoclavable or disposable.

1 pair/ pack.

Extra Oral Cheek Expanders

Extra Oral cheek expanders are specifically designed to resist breaking. Made from heavy-duty soft plastic that will withstand repeated autoclaving or heat sterilization without cracking or breaking. Optional tab on the front allows the cheeks to be pulled further out, and the extra long buccal extension allows greater access to the posterior region.

Autoclavable
Heat Sterilizable (to 370 degrees)
1/ pack.

Disposable
SIZES: small, small (no tabs), regular, regular (no tabs).
10/ pack.

Allows unrestricted access to the whole mouth.

- Holds mouth open, depresses tongue and prevents injury.
- Made of clear, flexible and easy to use thermo plastic.
- Available in small, medium and large sizes.

Autoclavable Cheek Expanders

1/ pack.

Allows unrestricted access to the whole mouth.

- Holds mouth open, depresses tongue and prevents injury.
- Made of clear, flexible and easy to use thermo plastic.
- Available in small, medium and large sizes.

Heat Sterilizable Cheek Expanders

1/ pack.

Therapy Bite Wafers

Relieves patient pain after separation or wire changes. Chewing on the therapy wafer helps increase blood flow around recently moved teeth to reduce discomfort and pain. Wafers also stimulate, massage and toughen irritated tissue. Made from medical grade plastic. 25/ pack.
Scents: Cherry, grape, bubble gum.

Saliva absorption capacity over 30 times its weight- far outlasts cotton rolls and other absorbent pads.

Complete coverage of parotid orifice and entire buccal mucosa with poly film cutting barrier.

Flexible, tapered design accommodates to cheek movement. Soft edges provide maximum comfort.

Facilitates work far back in the oral cavity.

Small. 50/pack.

NeoDryS Saliva Absorbents
